Karen-

I just left you an voicemail about this too. Did EA ever respond to your 11/24 letter and provide credible evidence that they had begun "construction" or entered into binding agreements for "construction" (and not site prep).?

Also, I will be down to your offices on Thursday to talk to Angelo, Brian and others about the Clean Power Plan. If you have some time, I'd like to catch up for a few minutes. (not sure what our schedule is right now. I think our meeting starts at 11:00)

Thanks,  
Dave
